

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. CAPE OF GOOD HOPE.

REPORT ON RETURNS IN STATISTICAL REGISTER, 1901.

DEFENCE (pp. 23-24).

NAVAL FORCES.—There were in 1902 on the Cape of Good Hope Station 14 men-of-war, mounting in all 103 guns, and showing a combined tonnage of 39,555. Expenditure about £200,000 p.a.

MILITARY FORCES.—Belonging to the Royal Artillery there were in 1899 stationed in the Colony 319 officers and men, to the Royal Engineers 110; to the Infantry 3,130; to the Royal Army Medical Corps 96; to the Service Corps, Ordnance Department and Pay Department 82; in all 3,736 and 4 Chaplains.

C.M. RIFLEMEN.—This regiment had on 31st December, 1898, a strength of 38 officers, 96 non-commissioned officers, and 869 privates, besides 63 native troopers—together with in all 959 horses.

VOLUNTEERS.—Classified by service, the Volunteer force was distributed as follows in 1898, viz.:—*Artillery*—Field, 2 of 175 members; *Garrison* 1 of 177; *Riflemen*—Mounted, 6 of 772; *Foot*, 14 of 2,436; *Medical Staff Corps*—1 of 143; *Cadets*—30 of 2,189; *Mounted Rifle Clubs*—25 of 1,061. In all, 79 corps with 364 officers, 527 sergeants, 173 buglers, 372 corporals, and 5,517 privates.

Cape Police.—This body of men (1,638 Europeans and 314 natives) is available for the defence of the Colony, being fully armed.

*No recent statistics available on account of the war.

AREA, POPULATION AND ELECTORS (pp. 25-34).

The estimated population in December, 1901, of the Colony, i.e., including Griqualand W. and the Native Territories (and Pondoland), was 2,433,000 persons.

Census Tables.—The population in 1891 of the Colony, as bounded in 1875, was 336,938 European and 619,547 Other; against 236,783 and 484,201 respectively in 1875, showing a numerical increase since the previous Census of 100,155 and 135,346 respectively, or 2.64 per cent. and 1.75 per cent. p.a. The number of inhabitants in the section termed Griqualand West was 12,374 Europeans and 32,903 Other, according to the 1877 Census: it was in April, 1891, 29,670 and 53,705 respectively. In 1879 there were 2,568 Europeans in the Transkeian Territories and 260,417 Other; in 1891 these numbers had increased respectively to 10,379 (25.35 per cent. per annum) and 476,985 (6.93 per cent. per annum). The Area of the Colony with its annexed territories, including Pondoland with 219,750 persons and British Bechuanaland with a total population of 72,736 (partly estimated), is now set down as 276,995 square miles.

Passengers.—From returns compiled by the Customs Department, it seems that the number of adult passengers (including children calculated to ordinary scale as adults) who arrived by sea from ports beyond the Colony was 30,652, against 29,848 in 1900, while 20,961 left these shores. A large proportion came from and went to Natal. **Naturalization.**—336 aliens (199 of whom were born in Russia, 44 in Germany) were granted letters of naturalization in 1901 against 189 in the previous year. **Electors.**—The Legislative Council General Election for 1898 was carried out on an electoral roll of 109,888 voters—an increase of 18,013 on the number on the lists in 1894. In the electoral province of Griqualand West (8,539 voters) there was no contest. For the remaining 8 provinces 168,754 votes were actually recorded out of an assumed total of 297,729 available. The Assembly General Election of 1898 was also conducted on the same roll. In 5 divisions there were no pollings, in the remaining divisions 137,781 votes were actually given out of a calculated available total of 242,676. The provisions of the Ballot Act precluded the publication of any detailed statistics on this subject. On page 487 of Census volume will be noticed full particulars from which the following extracts have been taken, viz.:—

Proportion per cent. of Voters to total Population (1891)	5.94	Average No. of Persons to a Voter (1891)	16.84
" " " Male "	11.82	" Males "	8.46

The present conditions of the Franchise under Act 9 of 1892 may be briefly described as follows:—(1) Every male person fully 21 years of age, who occupied for 12 months preceding registration, house or other building worth £75, or (2) Every male person, fully 21 years of age, who for 12 months preceding registration, had been in receipt of salary or wages of £50 p.a., provided such male person can sign his name and write his address and occupation, shall be capable of being registered as a Parliamentary Voter; but the provisions of Act 9 of 1892 are not applicable to any person who on the 16th August, 1892 was registered as a Voter in any fiscal division as long as he continues to reside in division where he was registered, and registered holders, for six months preceding day for registration of Voters, of licences to dig or search for diamonds in divisions of Kimberley, Barkly West, Herbert and Hay shall be entitled to be registered as Parliamentary Voters.

The Number of Electors now stands at 119,748.

VITAL AND METEOROLOGICAL (pp. 37-52).

Marriages.—The number of marriages solemnized in 1901 was 9,547 compared with 8,741 in 1900, 8,535 in 1899, 8,718 in 1898, 8,446 in 1897 and 7,860 in 1896. A regular increase up to 1899 (when the war caused a falling off) is noticeable. Friday was hardly so regarded as formerly as the unpropitious day for the solemnization of the marriage ceremony, as out of 9,547 marriages 326 (compared with 236 in 1899) of the whole took place on that day. Tuesdays were most frequently selected, 38.5 per cent. occurring then (39.0 in 1900), Mondays coming next with a percentage of 27.6 (31.58 in 1900), while 1,684 happened on Wednesdays, 670 on Thursdays, 305 on Saturdays, and 361 on Sundays.† Upon one day in 1901 (a Friday in February), no weddings were held. One day is credited with one marriage. The highest number, namely, 103, on the contrary is recorded against the 20th August with 97 on the 1st January. The largest number in a full week was 230 in the seven days ended the 28th September, and the lowest 107 in March. In 8,211 cases banns were called by Ministers of Religion or by Resident Magistrates, the remaining instances, 1,336 being by licence. The number of marriages before Protestant Clergymen was 8,231, before Roman Catholic 230, and before Jewish 74, while 1,012 (or 10.6 per cent.) compared with 8 per cent. in 1900, 7.02 per cent. in 1899, 6.4 per cent. in 1898, 5.8 per cent. in 1897 and 5.3 per cent. in 1895 and 4.4 in 1896) were dealt with by Magistrates, under the provisions of Act No. 16 of 1860. The majority of the parties wedded belonged to the Dutch Reformed Church, the number of marriages being 1,989, the Church of England follows next with 1,973 cases, which was 78 in advance of the Wesleyan Church, while London Missionary Society and Independents combined show 985 marriages. In point of Education 34.44 per cent. of the wives and 35.35 of the husbands could not write their names. It appears that in 668 cases widowers married spinsters, in 309 bachelors married widows, and in 142 widowers married widows. There were 31 cases relating to divorced wives or husbands.

† It is not improbable that the restrictive Matrimonial Law on travelling regulated the selection of the times for the ceremonies, which are more distributed over the week than usual.

HOSPITALS AND ASYLUMS. Diseases and Deaths.—The abstract by Classes and Orders indicates generally the relief afforded by each main Hospital, Infirmary or Asylum, of which, reckoned separately, there are 26 giving particulars. It will be convenient to summarize the results arrived at as regards each of the Hospitals for Acute cases, Infirmaries and Asylums separately for 1901, thus:—

Obituary.—Of 1,197 patients whose cases resulted fatally in 23 Institutions 378 previously resided in some locality not in the neighbourhood of the Institution where they were treated, and 198 had been under care for a year or more, 44 for 6 to 12 months, 54 for 3 to 6 months and 158 for 1 to 3 months. In regard to Ages, the deceased fall into the following groups, viz.:—less than 5 years 60; 5 to 15, 55; 15 to 35, 506; 35 to 65, 446; 65 and upwards, 111; unknown (probably adult), 19.

In the *Gaol Hospitals* in the Colony proper, 4,986 cases (2,513 whereof were those of white persons) were treated in 1901, and there were 149 (35 white) deaths. Diseases due to specific organisms numbered 1,603 and deaths 51, to Dietetic disease and Chronic Poisons 212 and 4, to Constitutional causes 355 and 5. Local diseases were 1,799 in all, with 63 fatal issues.

Suicide.—Two white and 19 coloured females committed suicide in 1901, and 38 white and 35 coloured males; 45 persons hanged themselves, 27 used firearms to take their own lives, 8 took poison, 9 cut their throats, 3 perished by drowning, and 2 perished otherwise.

Temperature.—The highest figures for maximum mean temperature for the series of years observed at certain places are 80·9 at Kimberley, Clanwilliam showed 80·8, and the lowest 44·2 at Aliwal North, Kimberley being 51·8. For a series of years ended in 1901 the monthly averages figured as follows for the following places, viz.:—

Royal Observatory	80·5 max. 46·5 min.
Ceres (1,493 ft.)	85·0 .. 34·4 ..
Graaff-Reinet (2,500 ft.)	88·0 .. 37·1 ..
Queen's Town (3,500 ft.)	82·9 .. 36·4 ..

The *Rainfall* at the Royal Observatory for 1901 amounted to 25·66 inches, while 40·92 inches were registered in 1892. On Table Mountain (St. Michael's) 72·67 inches fell, but at Pella, on the Orange River, only 1·27 against 1·2 in 1895. Ceres received 42·23 inches, Graaff-Reinet 15·15, Queen's Town 25·03. In 1888 no less than 99·08 inches were recorded at the gauge fixed at 3,050 ft., near the summit of Table Mountain.

BIRTHS, 1900.—The registration of births which happened in 1900, the sixth year wherein a general compulsory system was in operation still continues, and the total number of events recorded to the 15th April, 1902, is (a) 53,010, made up as follows, viz.:—European or White 7,852 males and 7,470 females; Malay 311 males and 310 females; Fingo, Kafir and Bechuana 11,602 males and 11,151 females; Mixed and other 7,207 males and 7,107 females. The figures for the Old Colony, i.e., *excluding* Bechuanaland and the Native Territories were total 40,787, comprising 7,569 male and 7,168 female *Europeans*, and 13,295 males and 12,755 females, "*All Others*." Of the full number of births 19,660 may be classed as *Urban* and 33,349 *Rural*. The corresponding figures for the Old Colony are 19,232 and 21,554. Attending simply to the results derived for the Old Colony it is found that European or White births numbered 4,123 male and 3,962 female urban, and 3,445 male and 3,206 female rural; similarly for "Other than Europeans or Whites," the figures stand as follows, viz., 5,577 males, 5,570 females; 7,718 males, 7,185 females. Taking the population, 1899, of the Old Colony at 1,239,154 persons (i.e., 18 per cent. advance on the census figures) it was found that the total birth-rate then computed to 32.69 per thousand. The European birth-rate would have been 32.99. The 1897 rate for Queensland, was 29.92, New South Wales, 28.42, Victoria 26.62, and for New Zealand, 25.96.

(a) Excluding 7 cases *at sea* and including 1 M.E., place of birth unknown.

DEATHS, 1900.—The total number registered to 15th April, 1902, amounts to (b) 47,375 (excluding War events), comprising the following items, viz.:—European or White 4,579 males and 3,764 females; Malay 235 males and 275 females; Fingo, Kafir and Bechuana 13,858 males and 12,116 females; Mixed and Other 6,315 and 6,233. In the Old Colony i.e., *exclusive* of Bechuanaland and the Transkei, there were 36,369 deaths, 4,395 being of European males, 3,626 of European females, 14,925 of "All Other" males and 13,423 females. *Excluding at sea* cases there were 25,896 deaths in rural and 21,479 in urban areas, but in the Old Colony the division is more even, 15,511 being rural and 20,858 urban. Dealing only with the Old Colony we find that as regards Europeans or Whites the urban deaths numbered 3,009 for males and 2,301 for females, and the rural 1,386 and 1,325 respectively, the corresponding figures for "Other than Europeans" are 8,477, 7,071, 6,448, 6,352. Assuming as in the case of births the Old Colony population for 1899 to be 1,239,154, the total death-rate worked out to 22.52 per 1,000, the European rate would be 14.81. For Victoria the 1897 rate was 12.87, New South Wales, 10.88, and New Zealand, 9.14.

(b) Excluding 212 cases *at sea*.

Diseases, 1900.—Colony Proper.—To the total of 36,369 fatal cases (of which 15,468 were certified), Zymotic Diseases contributed 15,807 (12,917 being coloured), Respiratory System 6,407 (5,377 coloured), Nervous System 3,475 (2,616 coloured), Alimentary Canal 2,866 (1,916 coloured), Developmental Defects and Degeneration 1,559 (1,108 coloured), Circulatory System 1,392, Accident or Negligence 760, and Constitutional Diseases 578. The other items were small. The relative percentages of specific causes for Whites and for Blacks to total causes are shown hereunder.

Births and Deaths. Seven years.—As events of earlier years are reported, the previously printed figures for those years are completed by the addition of the newly registered occurrences. The accompanying abstract, therefore, is as full as it can be made to the 15th April, 1902, when the last posting was made. (War and Concentration Camp cases in 1900 and 1901 *not* included.)

WAGES AND RENT (PP. 245).—PRICES (PP. 246-254).

Wages.—A brief statement of wages and rent of a labourer's cottage or hut and of a town lodging for a mechanic's family in certain other localities is given on page 245, a summary for the Colony on pages 250-1. Prices of provisions, clothing, bedding, live-stock, animal productions and agricultural produce are specified for certain chief centres, with summaries for five years. In November, 1901, the average daily rates of wages paid to tradesmen were as follows in the undermentioned Cities, viz., Cape Town, East London, Port Elizabeth:—*Compositors*, 8s., 12s., 8s. 6d.; *Carpenters and Joiners*, 9s. 9d., 16s., 12s.; *Masons and Bricklayers*, 8s. 9d., 16s., 11s. 6d.; *Painters*, 10s., 12s., 8s.; *Saddlers*, Cape Town, 13s. 6d., P.E., 8s. 6d.; *Tinsmiths*, 12s., 12s. 8s.; *Blacksmiths and Wagonmakers*, 9s., 14s. 6d., 10s. 6d.; *Tailors and Shoemakers*, 7s. 6d., 13s. 6d., 9s.; *Tanners*, Cape Town, 6s., P.E., 8s. 6d. The rent of a town lodging (suitable for a mechanic's family) was 40s., 120s., 80s., respectively per annum. At the same date the average prices of provisions gave the following results for the old Colony, viz.:—Flour, 3½d. per lb. bread, 3½d. mutton and beef, 7½d. and 8½d. pork, 9d., fresh butter, 2s. cheese, 1s. 5d., tea, 2s. 2d., coffee (raw), 9d., sugar, 3½d. rice, 3d., wine, 8s. 6d. per gallon, beer (English) 1s. 10d. per bottle, milk, 3½d. per bottle, candles, 9½d. per lb. and paraffin 2s. 6d. per gallon. An outfit (suit of clothes, boots, hat and shirt) for a labouring man would cost about 45s., calico is 8½d. per yard, flannel, 1s. 6d., and print, 6d., flannel shirts cost 7s. 0d. each, and socks, 1s. 0d. a pair, and blankets, 18s. Livestock except sheep sell at very advanced rates. Prices per head stood thus in November, 1901:—Horses, £24 12s, mules, £20½, asses, £8 16s., oxen, £13 13s., sheep, 22s. There is an increase in the prices of most species of Agricultural Produce. Wheat was selling at 8s. 3d. per bushel, barley, 6s. 6d., rye, 7s. 2d., oats, 7s. 3d., mealies, 7s. 3d., potatoes, 7s. 1d., while wine fetched £14½ per 128 gallons, and brandy £13 11s., a rise of over £21 on 1899 figures. The Gaol Contract prices are steady, beef now being 7½d., mutton, 7½d., brown bread, 3½d. and rice, 2½d. per lb. **Market Rates.**—Abstracts are obtained annually from the market-masters of several chief towns, and from them are derived statements showing the variations in the maximum prices of articles sold on the market. In the years 1899-1901 the highest rate realized for 100 lbs. of wheat at Queenstown was 14s. 9d., while at Grahamstown 12s. 6d. was paid, and at King William's Town 11s. 6d. For a bag, weighing 100 lbs., of potatoes as much as 19s. was given at Queenstown, 20s. at Port Elizabeth, and 25s. at King William's Town. In Grahamstown *Butter* has been sold for 15d. per lb. and at other times for 4s., and *Eggs* at Queenstown for 1s. per dozen and at other dates for 3s. *Fowls* have varied in Grahamstown from 2s. to 8s. 4d. each, and *Ducks* from 2s. 4d. to 6s. 8d., and *Eggs* from 10s. to 20s. per 100 at Cape Town,

PRODUCTION (PP. 255-263).

Land.—The estimated area of the Colony (with annexed Territories) is 177,376,660 acres, whereof 48,310,522 (including reserves, out-spans, &c.) are undisposed of. The transactions during 1901 include 1,155 sales and alienations under the land laws, alienating 72,996 morgen, the purchase amount being £48,669 and annual quitrent £486; 49 titles issued after amendment in regard to 123,364 morgen, and 73 freehold grants of 411 morgen. In all 1,277 titles were passed for 196,772 morgen, the total purchase amount being £48,669, and the annual quitrent £607. The net alienations were 100,413 acres. Details of land sales and leases, and of sales on quitrent and redemption of quitrent are given in returns Nos. 3 to 6. **Industries.**—In the absence of some legislative enactment under which returns can be demanded, it is a hopeless task to try and get together complete data on a subject like this. Portions of the Census tables have been reprinted. As they have been fully referred to in the Census report it is sufficient to note that 319 of the 2,230 industrial establishments used steam power and 18 gas, and that the total output was valued at £9,238,870 in 1890-1. The whole take of *Fish* in 1890 was 14,185,370 in number at 37 stations, with 298 boats and 1,408 hands. A partial fisheries return for 1901 is shown accounting for 6,976,094 fish worth £60,744. *Salt Pans* are found in 18 Divisions, the largest being in Kimberley, Port Elizabeth, Uitenhage, Malmesbury, Piquetberg and Cradock,—these, without Kimberley had a combined output of some 434,300 bushels in 1899. *Copper Mines* are worked at three centres in Namaqualand (the quantity worked by 2,028 hands in 1901 being 45,356 tons), and *Coral* at several in Albert and Queens Town, and one in Wodehouse—the total production being 205,810 tons, of which 129,819 came from Indwe. The total weight of *Gold* registered on the Millwood and the Prince Albert fields amounted to 4,914 ozs.; the former were worked since August, 1887, and the latter between August, 1891 and March, 1898. The reader who wishes to follow the fluctuations of the *Diamond* output and its value per carat, will observe three tables on pp. 262 and 263, showing events month by month since 1894. The highest average paid per carat for exports from Kimberley was realized in February, 1900 (£2 5s. 3d.); the lowest was in July, 1893 (£1 1s. 5d.). The average for 1901 was £1 18s. 9d., while the River stones realized on an average £3 15s. 9d. The total number of carats of diamonds exported in 1901 was 2,639,059, valued at £4,930,104. The area of the four mines in the Kimberley Division,—wherein 1,680 white and 6,292 coloured men are employed daily, and amongst whom 128 accidents in which 29 persons were killed, happened in 1901—is only 166 acres. In the four other mines in Kimberley division 405 white and 2,853 coloured persons were employed, amongst these there were 70 accidents, 7 men being killed. *Patents.*—268 patents were applied for in 1901, compared with 238 in the previous year, and 223 in 1899; and the number of *Copyrights* registered in 1901 was 300 compared with 243 in 1900, and 227 in 1899. *Trade Marks* were registered in 1901 to the number of 172, against 120 in 1900, and 147 in 1899.

NOTE.—A morgen=2.1 acres.

ACCUMULATION (PP. 271-278).

Banks.—The following remarks merely apply to the results for the Colony. Legal tender notes in circulation on 31st December, 1901, amounted to £1,460,526 and other notes to £6,290—the former being an item introduced since 1st January, 1892. Deposits fixed stood at £5,046,734, and floating at £10,022,950. Under the head of assets, £2,396,979 was returned as the amount of coin in the bank coffers at the end of last year: Cape Government securities were held to the extent of £2,468,289; bills under discount figure at £707,498 covered, and £2,789,481 unsecured; and loans and advances at £2,488,422. Overdrawn accounts (unsecured) are returned at £180,143. Including £1,583,531, bills received for collection, and a corresponding amount on the other side of the statement, the sum total of assets and also of liabilities for the quarter ended 31st December, 1901, was £20,423,168. To facilitate comparisons between the statements under the new and old Bank Act, the figures for the last five half-years have been adjusted as far as practicable to the headings under the Act of 1866, and the returns under that Act have been republished for 1881, and for 1888 to 1890. A few figures may be of interest:—

	1881— Dec. 31.	1895— Dec. 31.	1897— Dec. 31.	1898— Dec. 31.	1899— Dec. 31.	1900— Dec. 31.	1901— Dec. 31.

In 1881 there were 11 banks, now there are six.

P.O. Savings Bank had on 30th June, 1901, 320 branches, with 189,767 deposits of £2,238,206. There had been in 1900-1901, 80,617 withdrawals, removing £1,824,634. 31,418 accounts had been opened, 19,477 closed, and 82,763 remained open with £2,510,784 (including interest) to the credit of such open accounts—an average of £30 6s. 10d. The *King William's Town Savings Bank* had 1,875 depositors with £86,381 to their credit. In the Cape of Good Hope Savings Bank 6,604 accounts with £223,370 to credit remained open. **Value of Property.**—The total value of fixed property in the Colony proper, including property in towns as assessed for Divisional Council purposes, was £63,218,461, while the value of property in Municipalities was £35,926,997 according to the Municipal rating. In one case the Divisional Council rate is as high as 1½d. in the £; but considerable variations are noticeable in Municipal rates. As regards the Divisional Council assessments, the valuations are given separately for Municipal, Village Board and Rural Areas, being respectively £30,247,452½, £1,356,195, and £30,614,813½. It will be noticed therefore that there is a difference of £5,679,544 (compared with £7,374,362 in the previous year) between the Municipal and Divisional valuation of properties in Municipalities.

TRANSFERS AND BONDS.—Transfers to the number of 10,440, representing a value of £6,666,590, were passed in 1901; while 5,817 bonds of £7,950,053 were passed, and 5,699 of £3,456,504 were cancelled. There were also 122 bonds for £86,639, connected with insolvent estates, cancelled. **Insolventcies.**—Sixty-four estates were compulsorily sequestrated in 1901, but it has been found impracticable to state the full amount of the assets and liabilities, the latter, however, exceeded £84,906. Of the 141 estates voluntarily surrendered, the assets and liabilities were respectively £101,816 and £160,524. **Writs.**—By the Superior Courts 444 writs were issued in 1901, the amount to be levied being £97,849; the number of processes other than Writs served by Sheriffs and Deputies was 10,922.

PRISONERS.—Males to the number of 56,499, besides 6,340 females, were inmates of Lock-ups and Prisons (which contained 1,193 separate cells). Of white persons received during the year, 201 were males and 6 were females under 16 years of age, and 18,192 were males and 386 females over 16: the corresponding figures for coloured persons were respectively 906; 118; 33,981; and 5,460. The discharges numbered 48,353, transfers 9,226, escapes 103, deaths 122 (the cases of illness lasting more than 48 hours being 4,005), other disposals (i.e., releases on bail, &c.), 1,717, while 3,318 people remained in confinement. The average cost of provisions is: bread 3½d., beef 7½d., mutton 7½d., rice 2½d. per lb., and mealies 14s. 4d. per 100 lbs.; the rates have again risen. The Gaol Establishment at 30th June, 1902, was 657 strong, the *Cape Police* mustered 1,952, the ordinary *Police* were 1,216 in number: while the Convict Establishment stood at 403 all told on 31st December, 1901. **Convicts.**—Of the newly admitted convicts 306 were of European descent, 476 were Hottentots and Bushmen, 1,620 Kaffirs, while the remaining 45 were made up of Malays, Chinese, &c. As to age, 86 were under 19 years, 1,949 between 19 and 40, and 412 over 40 years. 2,184 were inmates of Convict stations for the first time—167 being in on second, and 96 on reiterated convictions. The terms of imprisonment are classified as follows, viz.:—For one year and less, 1,715; for 3 years and above 1, 618; for 7 years and above 3, 99; above seven and short of life, 13; and for life, 2. All told, the daily average computed to 2,721·3 convicts; of these 1,875 were at hard labour on Public Works, 313 employed on station, 51 sick in hospital, and 481·6 non-effective. The number dealt with during the year 1901 was 5,772, of these 2,353 were newly convicted: the year ended with 657 less on hand than there were at its beginning, the discharges being 2,819, deaths 64, desertions 6, and transfers 411.

Special Justice of the Peace Courts.—Of these there were 22, including 3 not giving returns. The apprehensions numbered 775, and the convictions 526, while the cases of 21 persons were disposed of by Resident Magistrates, being beyond the jurisdiction of Spl. J.P.'s. Convictions for offences against good order figured at 226, including 31 drunkenness cases, and there were 98 convictions for assaults, 56 for thefts, and 88 for contraventions of the Masters and Servants Acts. **Resident Magistrates' Courts.**—The number as far as accounted for of persons accused before Magistrates in 1901 was 71,813: of which 16,466 (22·93 per cent.) were white males, 1,097 (1·53), do. females, 46,746 (65·09) coloured males, and 7,505 (10·45) do. females. 78·84 per cent., or 56,616 were convicted, and the cases of 1,238 (1·72 per cent.) were transmitted to Superior Courts: 11·24 per cent. were acquitted, dismissed or discharged. The 56,616 convictions were imposed on—as far as can be computed—49,661 distinct individuals, 6·66 per cent. having been convicted twice in the year, 1·59 thrice, 0·53 four times, 0·16 five times, and 0·36 six times and upwards. Confining attention to the two chief points—convictions and transmissions to Superior Courts—the following figures in respect thereto are presented for the different classes of crime, viz.:—Offences against per on, 5,373 and 387; Person and Property, 273 and 178; Property, 6,091 and 303; Good Order, 31,651 and 310; Carrying out laws*, 2,884 and 17; Forgery, Currency, and Revenue Offences, 505 and 21; Public Welfare, 9,839 and 22. A more general survey of the main results disclosed by the Crime Return can be made with the aid of the following table, which shows for 1899, 1900 and 1901 the percentage proportion of the convictions and transmissions under each of the seven classes to the total convictions and transmissions.

The **Punishments** inflicted by R.M.s in the largest number of cases were:—Fine or imprisonment with hard labour, 39,644; imprisonment with hard labour, 6,164; fine (simple), 4,104; fine or imprisonment, 1,961; whipping, 435; whipping and imprisonment with hard labour, 191. **Civil Cases** may be particularised as follows, viz.:—19,562 of £278,288 compared with 18,297 of £210,693, in 1898 were recorded, 4,469 of £51,556 (4,508 of £47,696 in 1898) were withdrawn, and 13,216 were decided, the awards amounting to £143,707 compared with 12,989 in 1898 with £118,362, while 1,977 of £27,635 were postponed or were undisposed of. 1,392 decrees of civil imprisonment were granted in 1901.

SUPERIOR COURTS.—**Criminal Cases.**—The total number of indictments in 1901 was 658, of which 321 are credited to Supreme Western and Northern Circuit, 201 to Eastern District, E., Northern and Transkeian Circuits, and to 136 High and N. Circuit Courts. Under offences against the Person there were 221 convictions; Person and Property, 113; Property, 220 (127 being for stock theft). In all, there were 695 convictions and 209 acquittals, while 39 cases were otherwise disposed of. At Kimberley 37 cases were brought before the *Special Court*, which deals with cases under the Diamond Trade Act, and in 29 instances convictions resulted. The Judges in Chambers reviewed 3,048 cases in 1901, confirming sentences in 2,916, quashing 64, and amending and confirming 66. **Civil Cases.**—Of these, 2,879 were disposed of in 1901, 472 being illiquid; the Supreme Court and Western Circuit dealing with 2,114, the Eastern Districts, Eastern and Northern, with 549, and the High Court with 216. For over £250 there were 86 judgments, the amount of all judgments being £76,738. The courts sat 390 days in *banco* and 81 in Chambers. Actions for Divorce numbered 51 in 1890, 49 in 1891, 56 in 1892, 76 in 1893, 46 in 1894, 47 in 1895, 48 in 1896, 64 in 1897, 67 in 1898, 53 in 1899, 42 in 1900, and 78 in 1901 when there were thirteen judicial separations. **Punishments.**—Seven persons were sentenced to death, 43 to corporal punishment with or without accessories, 467 to imprisonment with hard labour, 45 to fine or imprisonment with hard labour, and 9 to imprisonment.

* Including 1,969 Martial Law Cases.

INQUESTS.— reckoning inquests and investigations together, it is found that 1,543 of these transactions took place in 1896, 1,939 in 1897, 2,464 in 1898, 2,276 in 1899, 2,780 in 1900, and 2,510 in 1901, the number having doubled since the passing of the Births and Deaths Registration Act. The causes of deaths are set forth in the Report of the Registrar of Births and Deaths.

RELIGIOUS, EDUCATIONAL AND CHARITABLE INSTITUTIONS (pp. 325-337).

ECCLIASTICAL.—The Return relating to the Receipts and Payments in connection with Churches is condensed from the statement published in the Census volume, and therein fully reported on (see pp. 482-5). During the Census year there were 1,883 places of Worship (capable of holding 351,999 persons), whereas the average attendance was 197,051, and the number of communicants 175,341.

All the churches combined had in 1890 an income of £311,759, and an expenditure of £301,160. The Church Returns for 1898 are—despite all efforts made—incomplete as regards several denominations. They, however, show that 778 ministers and assistants worked with 8,241 services weekly, 758 main and 3,198 out-stations, whereas seating for 409,689 persons had been provided for an average attendance at the principal Sunday services of 240,285 people, 190,878 being communicants. At 1,656 Sunday Schools the attendance was put at 79,514, while at 228 evening schools some 5,030 persons received instruction. In all, the various congregations included some 670,000 individuals, 247,000 whereof were white.

EDUCATION.—Besides aiding seven Colleges attended by 530 students, the Education Department made grants in 1900-1901 to 590 Un-nominal Public Schools, 614 Mission Schools, 5 District Boarding Schools, 555 Industrial Training Schools, 23 Special, 511 Private Farm Schools, 233 "Poor Schools," and 12 Evening Schools, and the total expenditure on the 2,549 Institutions and the office staff, &c., amounted to £278,049. The Government Expenditure in 1900-01 per pupil in average attendance was £2 1s. 9d. 2,666 schools with 141,361 children on the books, and 124,439 actually present were inspected during the year 1900, with the result that 758 were registered above standard, 906 under VII, 2,116 under VI., 4,320 under V., 8,201 under IV., 12,498 under III., 16,577 under II., 18,592 under I., and 58,363 below any standard. It is interesting to note that just after the passing of the present Education Act (*i.e.*, in 1866), there were 392 schools, with 32,875 scholars; in 1875, 641, with 54,167; in 1884-5, 994, with 76,018. *The University.*—374 undergraduates having matriculated in 1901, the roll of undergraduates stands now at 4,749, while 978 persons have passed (83 in 1901) the Intermediate Examination in Arts, and 592 have taken direct degrees (57 in 1901). 456 Certificates for Law and Jurisprudence have been issued, and 293 for Land Surveying. 463 persons have passed the Civil Service Law, nine the C. S. Higher Law, and 150 the Mining Examinations. Elementary School Examinations, under the auspices of the University have been held since 1875, and School Higher since 1880. 1,659 candidates passed the former examination in 1901, and 869 the latter: in all 28,500 have been successful. 2,540 Music Certificates have been granted in seven years, besides 73 to music teachers. *Museums.*—At the three museums there were visitors to the number of 105,501, and 19,340 specimens were presented in 1901. *Libraries.*—Under special grants nine of these Institutions are aided, while 119 (one being new) receive or have received grants under regulations. No less than 438,623 volumes are on hand, and the subscribers' lists total to 9,056.

CHARITABLE INSTITUTIONS.—26,956 inmates of General, Gaol and Lock Hospitals, Orphanages, Refuges, &c., have been accounted for. Of these 2,412 died and 4,479 remained. *Hospitals.*—13,881 cases were under treatment in the chief Colonial hospitals in 1901: 10,479 were cured, relieved, and unimproved, and 1,418 died. The full number of nurses and servants was 481. Besides these there were 7,080 cases in the three Transkeian Cottage Hospitals, and the two Transkeian Leper Asylums, the four Lock, two Railway hospitals, the Copper Company's hospitals at O'okiep and Port Nolloth, four Mining Hospitals at Kimberley, and Mossel Bay Hospital; the number of cured was 5,458, of relieved 152, of unimproved 66, while 815 patients died. *Asylums.*—At the seven Asylums (a) the daily average was 1,486: 337 patients were discharged—154 had recovered, 20 were relieved, and 63 had not improved, while the deaths were 143 in number. In resident attendance 236 persons were employed. Special tables regarding Asylums are exhibited on page 336, from which it appears that the recovery rate of insane was 42·2 per cent., and the death rate 10·1 per cent. in 1901, calculated in the first case on admissions, and in the second on the total average number resident. *Cost of Patients.*—The average cost of a patient varies from 1s. 6d. in the G.T. Infirmary to 4s. 6d. in the K.W.T. Hospital, and from 5s. 2d. in the Woodstock to 8s. 4d. in the Mafeking Hospital. *Friendly Societies.*—The Census return (which is the latest complete one) accounts for 130 societies and 14,277 members.

(a) Including transfers.

CEREAL AND OTHER CROPS, 1898-99.

The estimated yield for the Agricultural year ended 31st May, 1899, the latest for which, on account of the war, a fairly complete estimate can be given, was given in *muids* (one muid equals three bushels) as follows:—Wheat, 740,249; barley, 276,910; oats, 603,537; rye, 101,497; mealies, 962,603; kaffir corn, 668,867; and potatoes, 400,346. Of oathay, 41,547,044 bundles had been reaped. 37,691 leaguers of wine and 8,651 of brandy, had been made. (L34,928 of wine and 7,673 of brandy in 1899-1900, as estimated.)

NOTE.—A leaguer of wine or brandy contains 128 gallons.

LIVESTOCK, 31st May, 1899.

(On account of the war no later statistics are available.)

When the last enumeration of livestock was concluded in 1899, the following results were arrived at for the whole Colony viz.:—Horses numbered 387,824; mules, 48,251; and asses, 42,128; cattle, 1,077,044; the numbers of Cows and Heifers being upwards of 667,000, and the annual produce of butter being 2,879,000 lbs.; goats Angora and other 5,572,793—the Angoras yielding 6,707,379 lbs. of Mohair—sheep, 12,639,992, which gave 35,179,900 lbs. of wool. Of Ostrich feathers, 278,167 lbs. were plucked, the number of birds being 260,672. There were further 245,917 pigs.

SUPPLEMENTARY RETURNS, 1902.

The Import, Consumption, Export, Shipping and Banking Returns are given in considerable detail for the six months ended 30th June, 1902. Abstracts of Railway and Telegraph business are shown to the latest available dates.

ACKNOWLEDGMENTS.

The Co-operation of the Officials connected with Local Government Institutions, of Ministers of Religion, of Commercial men and of many private individuals, is again gratefully acknowledged. The publication of this Register has been unavoidably delayed, the collection of statistics was exceedingly difficult on this occasion.

Colonial Secretary's Office,
Statistical Department,
Cape of Good Hope,
August, 1902.

The railways of the Cape Colony were originally commenced by private enterprise at Cape Town, and when, in 1873, the lines were taken over by the Government, only 63 miles were open. New construction was then undertaken in the shape of three separate systems starting from the principal seaports of the Colony, viz.:—Cape Town, Port Elizabeth, and East London.

In 1885 1,600 miles had been opened for traffic, and for a period of some three years there was a suspension of further work, though gradual progress towards the goal of through communication within the Colony, and the object of securing the trade of the inland States to the north of the Colony, were constantly kept in view.

With the discovery of the Gold Fields in the Transvaal abnormal development in railway construction ensued, and the same process is now, and has been, observable in respect to the rapid extension of the railway in Rhodesia.

The Cape Government Railways are divided into three systems, known as Western, Midland, and Eastern.

1. The Western System, starting from Cape Town, extends to Vryburg, a distance of 774 miles.

The following branch lines form part of the Western System:—Wynberg and Simon's Town (23 miles), serving the populous suburbs of Cape Town and watering places in its vicinity. Malmesbury (30 miles), serving an important grain-producing area. There are alternative routes between Durban Road and Mulder's Vlei, one of which (the branch—12 miles) serves the Stellenbosch district. At Eerste River on this line there is a branch to Sir Lowry Pass (14 miles). Parliament in its Session of 1898 authorised the construction of a line from the Malmesbury branch to Eende Kuit, and an extension to Caledon (53 miles) of the line now terminating at Sir Lowry Pass. The former line starts from a point near Malmesbury, and will be about 80 miles in length. The first section—Malmesbury to Moorreesburg (30 miles)—has already been open for traffic, and the remaining portion is nearing completion. The line to Caledon was opened for traffic on the 1st August, 1902. The Cape Central Railway (about 83 miles), a private line constructed under a Government subsidy, runs from Worcester to Swellendam, and serves several productive agricultural districts. An extension of this line from Swellendam to Riversdale—another 64 miles—as a subsidised line has been undertaken by the same Company, and is now under construction.

A railway, of 2 feet gauge, from Kalabas Kraal, on the Malmesbury Branch, to Hopefield *via* Darling, a distance of about 50 miles, was authorised by Parliament during the Session of 1900, and is now nearing completion.

The Cape Government Railways end at Vryburg, but the line is continued by the Rhodesia Railways, Limited, and at present extends to Bulawayo, a distance of 587 miles from Vryburg. This length of line is worked by the Cape Government Railway Department for the owning Company at actual cost. Still further extensions in Rhodesia are being built by the Company.

2. The Midland System starts from Port Elizabeth, and joins the Western System at De Aar (339 miles). From Naauwpoort Junction (270 miles) the trunk line to the Orange River Colony and the Transvaal is continued.

In addition to the trunk line of the Midland System there is a line branching off at Zwartkops, running through Uitenhage and Graaff-Reinet and re-joining the main line at Rosmead Junction after running a distance of 276 miles, the last 93 of which were opened for traffic on the 3rd March, 1898. The line serves important agricultural and fruit-growing districts. Another branch line belonging to the Midland System is that from Alicedale to Graham's Town (35 miles), and this line is continued to Port Alfred (a seaside resort for the surrounding districts) by a private line owned by the Kowie Company, Limited. This line is 43 miles in length, and was constructed under subsidy from the Government. A junction line—83 miles long—with the Eastern System (No. 3) at present exists from Rosmead Junction (243 miles from Port Elizabeth) to Stormberg Junction (326 miles from Port Elizabeth and 221 from East London); this line forms part of the Midland System. From a point—Bamboo Junction—on this line a siding, about 16 miles in length, serves the Cape Collieries Company's Mines with railway communication. This siding has recently been acquired by the Government, and it is confidently expected that this siding and a probable extension which is under consideration will have important results in the development of the coal mining industry of the neighbourhood. Another junction line further south, through agricultural and stock-producing districts having a large native population, was undertaken some years ago by a private corporation, under a contract with the Government, providing for the payment of a subsidy by the Government, but after several vicissitudes arrangements have now been made for the Government to take over the construction of the line. It runs from Somerset East to Cookhouse (on the Midland System) and on, *via* Fort Beaufort to King William's Town (on the Eastern System)*; the total length of the line will be about 151 miles.

An extension is in course of construction by the Government from Klipplaat (123 miles from Port Elizabeth), on the Zwartkops-Graaff-Reinet line, to Oudtshoorn (156 miles) through some of the most productive districts of the Colony.† A further outlet for these districts will be provided by a line from the seaport of Mossel Bay, lying between Cape Town and Port Elizabeth, to Oudtshoorn (75 miles), where it will connect with the line at Klipplaat. The line Mossel Bay to Oudtshoorn is being built under subsidy from Government.

In 1898 Parliament authorised the construction of a narrow gauge line from a point at or near Port Elizabeth to Avontuur, a distance of 179 miles. The construction of the first section from Port Elizabeth to Gamtoos River, a distance of 52 miles, is now being undertaken. This line and the Hopefield line, referred to above, will be a new departure in Cape Government railway construction and working, as it will be a light railway of 2 ft. gauge instead of the standard of 3 ft. 6 in. The experiment will be watched with much interest.

3. The Eastern System, starting from East London, was originally constructed to Aliwal North (280 miles), lying on the south bank of the Orange River, the boundary between the Cape Colony and the Orange River Colony.

When the lines through the then Orange Free State were constructed in 1889, a junction with the trunk line to the Transvaal was effected by a connecting line from a point 33 miles south of Aliwal North to Springfontein, in the Orange Free State (314 miles from East London).

As before stated, through communication between the Eastern and Western districts already exists, and another junction further south is in course of construction from Cookhouse (Midland System) to King William's Town (Eastern System), a total of about 151 miles.

A branch line exists from Blaney to King William's Town (10 miles), an old established centre, formerly a military station of some magnitude, and a branch line (66 miles), formerly the property of a private Company, connects Sterkstroom with the Indwe Coal Mines. This line was purchased by the Cape Government in 1900.

Surveys have been made through the fertile and generally densely populated native districts of the Transkei and East Griqualand, with a view to future railway connection with the sister Colony of Natal.

A light line of standard gauge, authorised by Parliament (1898) to be constructed between Bowker's Park and Tarkastad (30½ miles) was opened for traffic in December, 1900.

On the 1st January, 1897, the Cape lines running through the Orange River Colony were taken over by the then Orange Free State Government, the latter paying for them in terms of Convention. These lines have, of course, now been taken over by the Imperial Government for the new Colony.

The existing colonial lines, in common with all South African lines—save the private line worked by the Copper Mining Company in Namaqualand, isolated from any Government line—are constructed on a gauge of 3 ft. 6 in. The lines are well and substantially laid, and both the rate of speed and their general comfort and equipment are admittedly creditable. Especial attention is devoted to the peculiar requirements of long journeys and the variations of climate experienced; corridor saloons, carefully constructed with a view to comfort and stability, are provided in the through trains. They are fitted with lavatory accommodation and electric light, while the provision of bedding at reasonable charges adds materially to the comfort of passengers. Once a week a special Mail (1st class only) train runs for the conveyance of passengers to the Orange River Colony and Transvaal, and to this efficiently conducted kitchen cars were attached, the requirements of passengers by the ordinary passenger trains being provided for by means of refreshment rooms conducted under contract.‡ During 1895 new and improved arrangements were concluded in this respect, and constant attention is devoted to the provision of additional comforts and facilities to passengers of all classes.

On all throughtrains the services of efficient conductors are provided, the men being selected for approved qualities; their duties are especially to attend to the requirements of passengers, and the system has been found to work most satisfactorily.

The character of the country traversed near the coast is greatly diversified on each system, though when the higher altitudes are reached the general characteristics are usually similar. On the Western and Midland Systems the scenery is perhaps the more imposing, while on the former line the vast stretches of the dry Karroo region, apparently barren and parched throughout a great portion of the year, are not without a certain charm of their own.

After rains, the great latent fertility of the Karroo region is apparent, for within a marvellously short space of time the whole face of the country becomes carpeted with flowers of brilliant hue, which, with the bright crispness of the atmosphere, add greatly to the enjoyment of the traveller.

The Eastern line through much of its length traverses an open grassy country, presenting many interesting features.

The Government issues a Tariff Book, corrected quarterly by the railway authorities, containing full information upon all matters likely to be of interest or service to the public, such as fares, rates, distances, &c.

* The section from Somerset East to Cookhouse, a distance of 19 miles, was opened for traffic on the 1st August, 1902. It is expected that further sections will be completed during the year. † The first section to Willowmore, 62 miles from Klipplaat, was opened for traffic on the 1st August, 1902. ‡ The Rhodesia Railways, Limited, have imported and are running a Train de Luxe, composed of dining, buffet, sleeping and saloon carriages, for the conveyance of passengers between Cape Town and Bulawayo.

RAILWAYS IN RHODESIA. (Supplied by the Secretary to the Rhodesia Railways, Cape Town.)

No. 1.—A line of 3ft. 6in. gauge from Vryburg to Bulawayo, 587 miles. Completed and working.

No. 2.—A line of 3ft. 6in. gauge from Beira to Salisbury, 374 miles. Completed and working.

No. 3.—A line of 3ft. 6in. gauge from Salisbury to Gwelo, 192 miles. Completed and working.

No. 4.—A line of 3ft. 6in. gauge from Gwelo to Bulawayo, 113 miles. Under construction, nearing completion, and will be working about October, 1902.

No. 5.—A line of 3ft. 6in. gauge from Bulawayo to the Wankie Coal Fields, 208 miles. Under construction. About 100 miles of rails already laid.

No. 6.—A line of 3ft. 6in. gauge from Bulawayo to Gwanda, 106 miles. Under construction.

No. 7.—A line of 2ft. gauge from Salisbury to the Ayrshire Gold Mine, Lomogondi District, 78 miles long. Under construction: nearing completion.

NOTE.—It is the intention to extend No. 5 through the Wankie Coal Fields to the Victoria Falls and thence across the Zambesi.

GOVERNMENT REVENUE AND EXPENDITURE (pp. 57-76).

Imperial Government.—Expenditure on military services at the Cape amounted in 1898 to £306,308—£45,149 being for works, buildings and repairs; the largest item being £115,388 for provisions, transport, &c., with £113,908 for staff and regimental pay. **Colonial Revenue.**—The total amount recorded as actual was £7,957,499, composed of £2,942,566 from taxation, £4,471,700 from services rendered, £316,336 from Colonial estate, and the remainder, £226,897 was derived from interest, fines, &c. The revenue in 1899-00 was £6,326,274, 1898-9, £6,317,574, in 1897-8, £6,536,475, in 1896-7, £7,389,965, in 1895-6, £6,803,802, in 1894-5 £5,390,170, in 1893-94, £5,321,352, in 1892-3 £4,971,214, in 1891-2, £4,495,314, and in 1890-1, £4,143,876. The total receipts figure at £8,578,076 compared with £6,565,762, in 1899-00, £8,781,212 in 1898-9, £7,327,975 in 1897-8, £7,389,966 in 1896-7, £6,803,802 in 1895-6, £5,416,611 in 1894-5, and £5,621,352 in 1893-4 and £6,442,149 in the year before. **Expenditure under votes** stood at £7,990,161 compared with £6,677,661 in 1899-00, £6,803,041 in 1898-9, £7,082,255 in 1897-8, £6,862,386 in 1896-7, £5,651,325 in 1895-6, £5,151,734 in 1894-5, £4,977,484 in 1893-4, and £4,667,876 in 1892-3, and £4,163,749 in 1890-1, £4,284,864 in 1891-2. The chief heads of disbursements chargeable against ordinary revenue were Railways £2,577,444, Debt £1,429,231, Police and Gaols £676,526, Post Office and Mails £366,943, Buildings, Roads and Bridges £211,433, Defence £534,224, Lands, Agriculture, Forests, &c., £233,697, Medical £421,158, Education £297,189, Native Affairs £288,621, Civil Establishments £210,396—the grand total being £7,990,161. The expenditure under loans amounted to £1,880,532, of which £1,635,367 was for Railways (ordinary); £60,782 was spent on Local Works Loans, £33,691 on Telegraphs, and £25,258 on Buildings. The expenditure since 1870 under Act of Parliament on Railways (ordinary) has reached the total of £26,434,827. It will be noticed from table 9 (p. 75) that the excess of ordinary revenue over ordinary expenditure for the period from 1870 to 30th June, 1901, is £2,505,064. The Total payments in 1900-1901 were £10,161,043.

DEBT (pp. 91-94).

Government.—The amount of the Public Debt on the 31st December, 1901, was £31,393,435, whereof £27,522,657 was for the General Government and £3,470,778 for public works under the management of Corporate Bodies; £682,506 lay at 5 per cent., £1,965,438 at 4½, £16,793,913 at 4, £6,669,578 at 3½, £5,295,900 at 3. The annual charge on the revenue is £1,429,231. Of the debt £26,174,105 may be classed as "unreproductive" but certain of the component items, e.g., £427,350 roads and bridges, might be termed partly reproductive. **Divisional Councils** with £3,691 in Bank overdrafts, had loans outstanding to the total of £31,131. **Municipal Councils** similarly with £266,931 overdrawn at the Bank, had outstandings of £2,605,576. Cape Town is answerable for £1,153,780 of this, Port Elizabeth for £270,024, and Kimberley and King William's Town for £46,130 and £88,957 respectively, Wynberg £121,919, Green Point £38,509, Oudtshoorn £88,767, E. London £142,211, and Grahamstown £63,019. The Municipal arrears rates, exclusive of those for 1901, figure at £19,276 and the Divisional at £16,924.

TELEGRAPHS—POSTAL (pp. 242-4).

TELEGRAPHS.—At a cost of £673,948, 7,470 miles of telegraph line and 23,431 miles of wire, with 504 offices, had been opened for transmission of messages to the end of 1901, in which year the profit shown on working was £229,671. In all 4,242,640 messages—129,975,063 words—were forwarded in 1901. There were also 2,944 miles of telephone wire and 2,659 renters.

POSTAL.—The number of letters despatched to England and other over-sea countries from the G.P.O. in 1901 was 16,886,000 and the number of papers and books, 4,094,400. The number of registered letters despatched inland and abroad was 926,352. The Revenue and Expenditure of the Postal Department were respectively £483,981 and £426,735 contrasted with the Revenue and Expenditure of nineteen years ago of £111,235 and £243,120 respectively. **Money Orders.**—The total number issued in the Colony during 1901 was 478,185 amounting to £1,627,293, and drawn on the Colony 323,909 of £1,073,386. "Through orders," i.e., money orders exchanged between the adjoining States (excepting the South African Republic) and overseas countries via the intermediary of the Cape Town Office of Exchange, were remitted to the extent of 10,908 to the value of £47,354, and received from abroad, 921 of £3,230.

All Goods, wares or merchandize, not elsewhere charged with duty and not enumerated in the Free List and not prohibited to be imported into the Union		7 10 0	3 per cent.
N.B.—On all goods, articles and things of every description imported or taken out of Bond by or for the use of the Government of the South African Republic or Rhodesia, rebate of the whole Customs Union Duty shall be allowed: Provided that whenever such Rebate be claimed a declaration under the hand of the State Secretary or proper officer appointed by the Government of Rhodesia, shall be delivered to the Customs, showing that the goods, &c., are <i>bona fide</i> for the sole and exclusive use of his Government, and not to be sold or disposed of, and that any duty levied thereon would be borne directly and permanently by the Treasury of the said Republic or Territory.			Nil: Rebate of the whole Customs Union Duties being allowed.
On articles, commonly known as "Canteen Stores," when imported or taken out of bond for removal to any Colony, State or Territory outside the Customs Union for the use of Her Majesty's Forces: Provided that whenever such rebate is claimed a declaration under the hand of a proper Military Officer, appointed for the purpose, shall be delivered to the Customs, showing that the articles are <i>bona fide</i> for the sole and exclusive use of Her Majesty's Forces and that they will not be sold or otherwise disposed of for any other purpose without the consent of the Collector and Principal Controller of Customs of this Colony; and provided further that such articles shall be subject to all rules and regulations governing the removal of "Rebate Goods."			Nil: Rebate of the whole Customs Union Duties being allowed (from 1st December).

NOTES:—† Rebate granted to Southern Rhodesia from the 16th April, prior to which a Customs Agreement with this Colony was in force.
† Duties on fresh and frozen beef and mutton and on slaughtered cattle and sheep suspended from the 16th November, 1899.

* Previous to the year 1886 the weight of Mails conveyed by Travelling Post Office was not shown.

* Decreases in the number of letters, &c., during 1896 are explained by the fact that Mail Matter exchanged between the South African Republic and Oversea Countries commenced to be transmitted in Closed Bags in February of that year, previously it was circulated through the Cape Town Office in open Transit.

† Includes mails to all oversea countries.

• Exclusive of extent of farms transferred to, resumed by and surrendered to Government. δ Inclusive of do. † According to latest computation. § Inclusive of land in British Bechuanaland disposed of prior to annexation.

MEMO.—On Acreage disposed of and undisposed of.

As no general Survey of the Colony has been made, it is impossible to state exactly the area undisposed of. From the latest calculations that have been made, however, the area of the Colony, including Griqualand East and West, Tembuland, Transkei, Port St. John's, Walfish Bay, Pondoland, and British Bechuanaland is estimated at 83,805,012 Morgen (177,376,660 Acres). The quantity of Land disposed of up to the end of 1901 being about 61,027,120 Morgen (129,166,138 Acres), there appear to remain undisposed of 22,777,892 Morgen (48,210,522 Acres), in which are included some Loan Places still unconverted, Missionary Institutions, Native Reserves and Locations, Outspans, Commonages, and Crown Lands, held under license in terms of Act No. 40 of 1895. This area is exclusive of that part of the Railway Land Grant in British Bechuanaland which was undisposed of at end of 1901, of about 1,338,060 Morgen or 2,832,056 Acres.

NOTE.—One Morgen=2.1165402 Acres.

Prieska	On the Farm Westerberg. Produce, 120 tons in 1893, 617 in 1894, 1345 in 1895, and 109 tons in 1898. 35 persons employed in 1893, 380 in 1894, 420 in 1895, none in 1896-7, and 60 in 1898. No statistics for 1896-7, 1899, 1901. Asbestos mine in Hay closed.			

Coal has been discovered in outcrops at various points along the Plateau lying between the Drakensberg range and the Matiwane Mountains, and along the southern slopes of those mountains, between the Kei and Umzimkulu Rivers, mostly in thin seams of varying quality, but no extensive boring or examination of the country has been made. Some specimens of coal from the Cala district are of good maritime steam quality.

GENERAL NOTE explanatory of system upon which Special J. P. and R. M. Crime Returns are compiled :—

1. An offender is on the preferment of every fresh charge during the period to which the statement relates, treated therein, on each occasion, as a new misdemeanant brought up for first time, and in the event of being accused simultaneously of the commission of two or more distinct species of crime is separately entered for each.
2. It should be observed that the number of Cases tried is not necessarily the same as that of Persons accused.
3. When a preliminary examination has been held, and the case, after submission to the Attorney, Solicitor-General, or Crown Prosecutor, has been by him remitted for further action to be taken thereon by R. M., the said examination is treated as a prosecution.
4. To each species of crime separately has been assigned a complete entry in all the columns.
5. Entries regarding persons awaiting trial before Circuit Courts are recorded in the column placed next after the "Conviction column."

On account of the War returns from the following Courts were not received in time for inclusion herein, viz. :—

Explanatory Memorandum.

It should be clearly understood that the figures shown above are *not* the results of a compulsory Census of the People: on the contrary the undertaking was absolutely a voluntary affair as regards the component elements of the various households.

When the Cape Peninsula Commission approached the Government with the request that a "rough Census" of the Population of the Peninsula might be taken, and the application was acceded to on the condition that the expenditure to be incurred was to be limited to a small sum of money, the Statistical Department had to devise means for meeting the case in the difficult aspect presented.

The beginning was made by a personal consultation with the Mayor of Woodstock, and subsequently with the Mayor of Mowbray. Messrs. Moore and Tonkin having—after discussion with their respective Councils—favourably viewed the proposals, financial and administrative—the scheme was extended so as to apply to all the other Suburban Corporations, and the simple form of Householders Schedule with ages in groups having been accepted as sufficient, steps were taken to have large number of forms printed in the English and Dutch Languages for use in respect to the 20th July, 1902—the day fortunately chosen as it afterwards transpired, fair weather for enumeration purposes having been experienced in a season otherwise more rainy than usual.

A certain assessed proportion of the amount allotted for the Service was placed at the disposal of each Town Council, by which Enumerators to distribute and subsequently call for the forms were selected, and by which all the details of the requisite arrangements, including the demarcation of sub-districts, and checking of lists of houses, were made.

As regards His Majesty's Forces, the Naval Authorities at Simon's Bay most obligingly undertook the arrangements for the counting of all persons under their command afloat and ashore; the Military plan of action was similarly successfully accomplished as regards all soldiers in the various Camps and Barracks.

In Cape Town itself, the enumeration could not conveniently be worked by the Corporation unaided, and it was agreed, after an interview with Dr. Jasper Anderson, Medical Officer of Health, Cape Town, that nearly the whole of the Gardens Area (District No. 4), would be traversed by Civil Servants—the Post Office Letter Carriers assisting by the courtesy of Sir Somerset French in the prior distribution—Districts 2, 3, and 6 by persons most kindly chosen by the Head Officials of the Salvation Army, leaving Districts 1, 5 and part 4 to be worked by the Town Council Sanitary Staff. The Table Bay Harbour Board rendered material aid by dealing with the dwellings, including the Native Location, in the Dock Area, and all the Vessels in Dock and Bay.

[P.T.O.]

The population of the large Native Location at Uitvlugt (Wynberg District) 4 miles from Cape Town was censused by the Officials on the spot, whose help was welcome, while members of the Cape Police Force visited—by the kind permission of Commissioner M. B. Robinson, O.M.G.—the numerous but widely dispersed homesteads on the Cape Flats, south of the Main Railway line and between the eastern boundaries of Mowbray, Rondebosch, Claremont, Wynberg, and the western limits of Stellenbosch Division—a notable piece of work, well effected with the assistance of Capt. Hemeworth, notwithstanding several adverse conditions.

Early in June, 1902, circulars, with blank forms enclosed, were despatched to the Headmasters of all Aided Schools in the Cape Division, to all Ministers of Religion, and to all Heads of Departments, stating the objects of the Enumeration and inviting their co-operation, which was willingly given. The General Manager of Railways (Mr. T. R. Price, O.M.G.), in whose department the number of employees is large, was most helpful by continually urging all salaried officials to complete and send in their household schedules. Teachers explained the meaning of the forms to the older children, who took them home, and the Clergy made periodical announcements to their Congregations. Later on, a special appeal was issued to all the chief Employers of Labour in Cape Town, asking them to push the undertaking forward with respect to persons in their Stores and Workshops.

The Population, in regard to which actual schedules can be produced to account for every unit recorded, numbers 182,010, and on this basis the cost of the scheme, now described, works out to 3d. per head, for two or more visits to each dwelling, and for tabulating the results.

The whole population of the Cape Division may be stated to be

Enumerated,	182,010.	See Page 318.
Estimated,	10,000.	Rural Areas in Field-cornetries.
